Attachment A

CAPACITY COST RECOVERY RIDER

I. PURPOSE

This Capacity Cost Recovery Rider ("CCRR") defines the procedure by which Entergy Texas, Inc. ("ETI" or "Company") shall implement and adjust rates for recovery of annual eligible capacity-related costs and revenues as defined under TEX. UTIL. CODE § 36.216. The purpose of this Rider is to provide a mechanism to recover capacity-related costs and revenues associated with participation in a multi-state capacity auction operated by a regional transmission organization or independent system organization authorized by the Federal Regulatory Commission, to the extent the costs and revenues are not already being recovered through base rates.

II. APPLICABILITY

This rider is applicable to electric service provided by the Company to all customers served under applicable retail rate schedules set forth in Attachment A to this CCRR, whether metered or unmetered, subject to the jurisdiction of the Commission.

III. CAPACITY COST RECOVERY RIDER RATES

The rates associated with this CCRR ("CCRR Rates") shall be as set forth in Attachment A.

IV. TERM

Subject to the provisions of TEX. UTIL. CODE § 36.216, this CCRR shall remain in effect until modified or terminated pursuant to applicable law.
