SCHEDULE MES

Sheet No.: 45
Effective Date: 12-3-2022 (implemented 6-2-2023)
Revision No.: 13
Supersedes: MES Effective 12-31-20
Schedule Consists of: Two Sheets

MISCELLANEOUS ELECTRIC SERVICE CHARGES

I. APPLICABILITY

A charge shall be assessed, or credit provided, for the activities and services listed below in accordance with the provisions and prices herein.

II. DESCRIPTIONS

Trip Fee

A charge of fourteen dollars and sixty-two cents (\$14.62) will be made when Company is required to dispatch an employee to a customer's location.

Connection

A. Standard Metering Service – Existing Meter

A charge of six dollars and thirty-one cents (\$6.31) per event will be billed to connect an existing standard meter.

B. Standard Metering Service – New Installation

A charge of twenty-one dollars and sixty-one cents (\$21.61) per event will be billed to install and connect a new standard meter

Disconnect/Reconnect Fee

A charge per event will be made for those services provided in order to disconnect or reconnect a Customer's point of delivery to the Company's electric distribution system where service has been terminated or suspended due to any reason allowing for disconnection or suspension of service set forth in Company's Terms and Conditions Applicable to Electric Service. In cases of abuse or tampering, Company will charge all reasonable out-of-pocket expenses necessary to restore its facilities to original condition. Service will not be reconnected until Customer pays the total amount of any funds due the Company, plus the applicable charge(s) stated below.

A. Standard Metering Service

A charge of two dollars and fifty-two cents (\$2.52) will be charged to reconnect after a disconnect for non-pay when the Customer or authorized party requests reconnection and makes payment of all billing amounts and fees at a Company authorized payment station during normal business hours. If full payment is made after 7:00 PM, reconnection that same day will be made only in cases of a Company-determined emergency.

B. Non-Standard Metering Service

A charge of thirteen dollars and eighty-one cents (\$13.81) per event will be charged to disconnect or reconnect services requested during normal business hours. The reconnection request will be deemed to have occurred during normal business hours if the Customer or other authorized party requests reconnection between 8:00 AM and 4:30 PM on a normally scheduled work day and makes payment of all billing and fees at a Company authorized payment station by 4:30 PM of the same day that the request for reconnection is made.

A charge of fifteen dollars and three cents (\$15.03) will be charged to reconnect when the Customer or authorized party requests reconnection and makes payment of all billing amounts and fees at a Company authorized payment station between the hours of 4:30 PM and 7:00 PM. If full payment is made after 7:00 PM, reconnection that same day will be made only in cases of a Company-determined emergency.

Non-Sufficient Funds Charge

The Company shall charge a Non-Sufficient Funds Charge when payment by check or other payment device is not honored and returned by the Customer's financial institution, payor, holder or the holder's assignee for any reason other than bank error. The Non-Sufficient Funds Charge is fifteen dollars (\$15.00).

Temporary Metered Service Connection

A charge for temporary service connection and meter installation will be made where distribution lines are readily available and the installation of additional poles and lines is not necessary to provide service to the Customer, as follows:

- One hundred twenty dollars and six cents (\$120.06) on each connection for residential construction.
- Greater of one hundred twenty dollars and six cents (\$120.06) or estimated Company net costs, on each connection for other temporary service.

Customer will be placed on appropriate Company rate schedule(s) for electric service.

Where distribution lines are not readily available, or where additional poles or lines are necessary, charges will be derived based upon the Company's extension policies. Customer will be placed on appropriate Company rate schedule(s) for electric service.

Payment by Drawdraft and Levelized/Equal Payment

A one dollar (\$1.00) per month credit will be provided when Customer currently authorizes drawdraft payments at the due date for services rendered by Company and the drawdraft is honored for payment in full, and the Customer also has either levelized or equal payment of billing.

Tampering Deterrent

A charge of fifty dollars (\$50.00) will be made to Customers in instances of tampering with Company's meter or equipment, bypassing the same, or in other instances of diversion. This charge shall be imposed for the detection and confirmation of tampering, interfering or theft of the Company's delivery of electric service. This fee shall be paid prior to reconnection of service.

SCHEDULE MES

Sheet No.: 45A
Effective Date: 12-3-2022 (implemented 6-2-2023)
Revision No.: 13
Supersedes: MES Effective 12-31-20
Schedule Consists of: Two Sheets

MISCELLANEOUS ELECTRIC SERVICE CHARGES

Pulse Metering Installation/Interval Data Recorder Equipment)

A one-time charge of three hundred dollars (\$300) will be made to Customers for each installation of pulse metering/interval data recorder equipment. The Customer must enter into an agreement entitled Agreement and Terms and Conditions for Pulse Metering Installation. If the Customer is a participant in a load management program, the Customer must enter into an agreement entitled Agreement for Installation of Interval Data Recorder Equipment.

Meter Test Fee

A charge of eighty-five dollars and seventy cents (\$85.70) will be made each time a customer requests a meter test within four years of a meter test performed at Company's expense and the subsequent meter test finds that the meter registers within the accuracy standards established by ANSI.

Non-Standard Metering Fees

A customer receiving non-standard metering service shall be charged a one-time fee and a recurring monthly fee:

One-Time Charge for non-standard metering services

A one-time charge of two hundred dollars (\$200) will be made to customers who choose to receive electric services through a non-standard meter.

Monthly Charge for non-standard metering services

A charge of twenty-five dollars and ninety-three cents (\$25.93) will be made each month to customers who choose to receive electric services through a non-standard meter.

III. DEFINITIONS

- A. **Standard Metering Service** – Service associated with an Advanced Meter as described in PUCT Substantive Rules Applicable to Electric Service Providers.
- B. **Non-Standard Metering Service** – Service associated with a meter that does not function as an Advanced Meter.
